

Penichette 1180 FB

# Penichette® Our unique Advantage

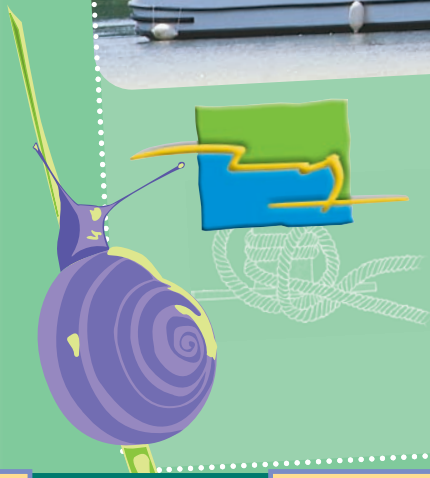

For 32 years now, Locaboat has been designing, building and updating the Pénichettes®. Our fleet of comfortable and easily-handled craft undergo a continual programme of maintenance and improvement. More than 400 Pénichettes® now cruise the waterways of Europe: whether for a couple, for a family or for a group of friends, there is always a Pénichette® model to take you in comfort wherever you will. As part of their continual maintenance and improvement, our Aft-Deck and Classic Penichettes return to our factory for a complete refit, during which the technical equipment is upgraded to newer, better performing and more environmentally friendly versions. These boats are then given an "R" logo to signify their Renovation. These boats have a Radio/CD and bike rack, as for the Flying Bridge boats. After a number of years these "R Penichettes" lose their logo and become once again standard Pénichettes.

Penichette 1500 FB

## THE NAME Penichette®

The name "Pénichette"®, often used as a generic name for canal and river boats, is in fact a Registered Trade Mark referring exclusively to the range of boats designed and built by Locaboat Industries.

## The "Classic" Penichettes®

Traditional, ideal for couples and families.
